

**CONDUCTING MIGRATION SENSITIVE ENTREPRENEURSHIP DEVELOPMENT
ECOSYSTEM ANALYSIS AND PREPARATION OF UPGRADING PLAN FOR THE 2 TARGET
PROVINCES OF ENHANCER PROJECT**

PROJECT REFERENCE: *ENHANCER*

CLARIFICATION N° 01
Updated on 20 April 2021

ICMPD would like to confirm the following update in the Tender Dossier documents:

The following questions of general interest to all prospective tenderers have been raised in the course of the tender procedure.

Question 1:

In the ToR under section 4.2 Specific Work there is a statement as follows:

"Results of the Survey Study conducted with entrepreneurs and potential entrepreneurs as part of Entrepreneurial Ecosystems is finalised and will be shared with the Contractor depending on the finalisation of the reports".

Could you please clarify whether the Tenderer bidding for this project is expected to conduct a Survey Study or not?

Answer 1:

Please note that Tenderer is not expected to design and conduct a Survey study. A Survey Study conducted for entrepreneurs and potential entrepreneurs amongst Syrian under Temporary Protection (SuTP) and Local Host Community(LHC) members has already been finalised. Survey data will be shared with the Contractor by ICMPD.

Tenderer is only expected to make a semi-structured in-depth interview. Please see details of the interview on page 6 of ToR.

Question 2:

How many reports are expected to be prepared in this study?

Answer 2:

As stated in ToR under section 7.1 Reporting Requirements section 2 Reports (Local Entrepreneurial Ecosystems Reports including Upgrading Plans) in total for two provinces (Şanlıurfa and Gaziantep) will be prepared.

Question 3:

In the ToR under section 4.2 Specific Work there is a specific row inside the Activity Table for Draft Reports as follows:

<i>Activity</i>	<i>Deadline</i>	<i>Output/s</i>
<i>Submission of Draft Reports (Local Entrepreneurial Ecosystems Report for two provinces)</i>	<i>No later than eight (6) weeks after the start of the implementation</i>	<i>2 Reports for 2 provinces</i>

Could you please clarify whether the submission deadline for Draft Reports is no later than six (6) weeks as stated in number inside the parenthesis or eight (8) weeks as stated in letters?

Answer 3:

Please kindly note that submission deadline for Draft Reports is no later than six (6) weeks after the start of implementation.

Remaining 4 weeks are reserved for approval stage, which includes revisions and finalisation of the Reports and the Final Reports will be submitted no later than ten (10) weeks after the start of implementation
